

## SILENT FIRES FORESTS

Silent Fires reunites four young emerging talents from the European improvised music scene: Karoline Wallace (Øra Fonogram), Hilde Marie Holsen (Hubro Records), Håkon Aase (ECM Records) and Alessandro Sgobbio (UmbriaJazz Contest winner). Their cross-genre intermixture of lyrics and acoustic-electronic fragments, merged into written and improvised soundscapes, investigates the theme of **spirituality** in its multiple meanings. Silent Fires performs and improvises on stage with contemporary dancer Synne Garvik, offering a multi-art experience of improvised music and realtime choreography. **Forests** will be officially presented with some release concerts in France, Germany, Italy, Norway and Portugal.
